1. Project Overview & Purpose

Bright Future Youth Tutoring Centre is an educational support organisation established to serve high school learners aged 13–18 (Grades 8–12) in Bizana and surrounding areas of the Eastern Cape. It was founded to address a clear community gap: the lack of safe, structured, and accessible academic support outside regular school hours. Many learners struggle with core subjects such as Mathematics, English, Life Sciences, and Computer Studies but have nowhere to go for extra help.

Rationale for Selection

Education is central to individual growth and community development. I chose this organisation because its core challenge is low visibility — despite delivering valuable services, many parents and learners never discover the centre exists. A dedicated website solves this by acting as a permanent, accessible information hub available 24/7.

Project Objectives

- Increase visibility and searchability for local tutoring-related searches
- Present clear, complete details regarding subjects, schedules, and registration
- Simplify enquiries and contact through multiple channels
- Build professional credibility and trust with parents, schools, and guardians
- Provide an easy-to-update platform for announcements and news updates

Mission Statement

"To support students by providing quality tutoring and learning resources that help them succeed academically."

Vision Statement

"To create a future where every learner has access to the support and knowledge they need to reach their full potential."

2. Comparative Analysis & Requirements Definition

Competitor Research Summary

Website	Key Features	Strengths Applied to Our Design
Khan Academy	Free lessons, videos, exercises, progress tracking	Clear navigation, visual organisation, strong readability standards
Tutor.com	Live chat, direct tutor connection, instant support	Prominent call-to-action buttons, instant contact features including WhatsApp
Varsity Tutors	Subject-specific pages, structured scheduling	Dedicated subject sections with detailed descriptions and clear benefits

Core Requirements Summary

Unlike large online platforms, Bright Future Youth Tutoring Centre does not aim to host massive downloadable libraries. Instead the focus is:

Professional yet welcoming design → Clear information flow → Easy contact → High conversion rate from visitor to enrolment.

Essential Standards

- Mobile-first responsive design
 - Fast loading suitable for South African network speeds
 - WCAG 2.1 AA Accessibility compliance
 - Simple CMS for non-technical staff updates
 - SEO-friendly structure for local search terms
-

3. Proposed Website Structure & Content Plan

1. Home Page

- Hero banner: "Unlock Your Potential — Quality Tutoring in Bizana"
- Welcome introduction
- Key benefits: Qualified Tutors • Safe Environment • Proven Results
- Subject overview grid with icons
- Student/Parent testimonials
- Latest announcements section
- Prominent "Enquire Now" / "Contact Us" buttons

2. About Us Page

- Organisation background and history
- Mission and Vision statements
- Teaching philosophy and learning approach
- Tutor qualifications and experience
- Description of safe, structured learning environment

3. Services & Subjects Page

- Mathematics: Concept building, algebra, geometry, exam preparation
- English: Reading, writing, grammar, comprehension, literature support
- Life Sciences: Biological concepts, terminology, practical understanding
- Computer Studies: IT basics, software operation, theory knowledge
- Programme formats: Weekly sessions, homework support, exam revision blocks
- Grade ranges, typical schedules, and class sizes

4. Enquiries & FAQ Page

- Step-by-step guide: How to register / join / book an assessment
- Accordion-style FAQ: fee structure, class times, mid-term enrolment policy, safety, transport
- Final call-to-action: "Still unsure? Contact us directly"

5. Contact Us Page

- Full physical postal address
- Embedded Google Map
- Telephone numbers and email address
- Operating hours
- Custom enquiry form: Name, Grade Level, Subject Interest, Message
- Direct WhatsApp button for instant messaging
- Standardised footer with repeated contact details

4. Design Specifications & User Experience Plan

Colour Scheme

Selected using educational psychology: trust, energy, growth.

Role	Code	Meaning Represented
Primary Brand	#165DFF	Trust, knowledge, stability
Accent 1	#FFC107	Energy, clarity, intelligence
Accent 2	#36CFC7	Growth, optimism, success
Background/Neutral	#F5F7FA	Clean readable base

Typography Standards

- Headings: Montserrat — Bold/Medium weight, modern sans-serif
- Body Text: Open Sans / Lato — highly legible and accessible
- H1: 40–56 px | H2: 28–32 px | H3: 22–24 px | Body: 16 px minimum

Layout Principles

- Card-based design for subjects and announcements
- Simple visual icons for fast recognition

- Sticky navigation bar always accessible
- "2-Click Rule": Any page reachable within maximum two navigation steps
- High contrast text and ample spacing
- Every page guides visitors toward an action: Enquire → Register → Contact

Low-Fidelity Wireframe Summary

- Home: Hero → Features → Subjects Grid → Testimonials → Footer
- Services: Subject cards with images + short descriptions
- Enquiries: Steps guide + expandable FAQ section
- Contact: Left column = Details / Map | Right column = Form + WhatsApp link

5. Technical Specifications & Implementation Plan

Technology Stack

Front-end	HTML5 + CSS3
Framework	Bootstrap or Tailwind CSS — ensures responsive behaviour
CMS Platform	WordPress — selected for ease of updates by non-technical staff
Integrations	Google Maps, Contact Form 7 / Gravity Forms, WhatsApp Click-to-Chat, Google Analytics 4, Google Search Console
Compliance	WCAG 2.1 AA Accessibility
Hosting Provider	Afrihost or Hetzner South Africa — local hosting improves speed
Domain Options	www.brightfutureyouth.co.za or .org.za
Security	Let's Encrypt SSL Certificate — mandatory
Backup	Daily automated backups retained for 30 days

Development Timeline — 12 Weeks

Phase	Activity Description	Timeline
1	Finalise requirements & gather all content	Weeks 1–2
2	Confirm sitemap & wireframe sign-off	Weeks 3–4
3	Finalise style guide + high-fidelity mock-ups	Weeks 5–7
4	Front-end coding & responsive testing	Weeks 8–9
5	WordPress installation, theme build & content upload	Week 10
6	SEO setup, speed optimisation, accessibility QA	Week 11

7	Staff training session + user acceptance tests	Week 11
8	DNS configuration, SSL activation, official launch + handover	Weeks 12–13

Budget Estimate — South African Rand (incl. VAT)

Category	Description	Amount (ZAR)
Planning & Strategy	Research, sitemap & content planning	R 4 500
UI/UX Design	Wireframes, style guide, visual mock-ups	R 12 000
Development	Coding, custom theme & CMS integration	R 18 500
Integrations	Maps, forms, WhatsApp, email configuration	R 3 500
Content Preparation	Image editing, text formatting & FAQ writing	R 3 000
SEO & Analytics	On-page optimisation, Google Business Profile	R 3 000
Hosting & Domain	1-year hosting + 2-year domain registration + SSL	R 1 800
Training	CMS usage training for staff members	R 2 000
Post-Launch Support	First 3-months maintenance, security & bug-fixes	R 4 500
TOTAL PROJECT		R 55 300

Note: Ongoing maintenance thereafter approx. R 600 – R 900/month. Photography or paid advertising available as optional extras.

6. Success Measurement – Key Performance Indicators

Metric	Month 3 Target	Month 12 Growth Target
Monthly Unique Visitors	400	1 200
Enquiries / Registration Forms	15 submissions/month	45 submissions/month
Bounce Rate	Below 60 %	Below 45 %
Average Session Duration	Minimum 1 min 00 sec	Minimum 2 min 30 sec
Search Engine Ranking Position	Top 15 for key terms	Top 5 for key terms
Mobile Traffic Share %	55 %	65 % or higher

7. Project Checklist

- ✓ Organisation background & goals defined
- ✓ Mission & Vision documented
- ✓ Competitor analysis completed

- ✓ Target audience clearly profiled
 - ✓ Website goals & KPIs established
 - ✓ Complete sitemap created
 - ✓ Page-by-page content descriptions drafted
 - ✓ Colour palette & typography selected
 - ✓ Low-fidelity wireframes designed
 - ✓ Responsive & accessibility requirements confirmed
 - ✓ Hosting, domain & security plan defined
 - ✓ Technology stack confirmed
 - ✓ Timeline & milestones scheduled
 - ✓ Budget estimate compiled
 - ✓ Final report ready for submission
-

8. Conclusion

Conclusion

This design and development plan directly addresses the core challenge of Bright Future Youth Tutoring Centre: limited visibility and lack of organised online information. By combining clear educational messaging, mobile-friendly performance, and design choices focused on conversion, the website will transform from a simple brochure into a true community hub.

When launched, it will ensure that learners and parents in Bizana and surrounding Eastern Cape areas can easily find the academic help they need — exactly aligning with the organisation's mission: every learner has the support required to reach their full potential
